ABOUT ME

I completed a Web Developer course (HTML, CSS, jQuery, JavaScript, BootStap, PHP, MySQL) in 2022 (not yet confirmed) with some projects and I also started teaching Web Developer courses for my friends and students. Well. I am currently a third year student at RUPP in Computer Science and Engineering and am currently studying for several short courses, POS System (JavaScript Advanced, Meteor, Quasar, MongoDB) and Software Developer (C # console App, OOP + Database, MySQL server).
